

FÄNGELSET

Tech spec - September 2017

About us

Fängelset is a culture house/community center funded by the City of Gothenburg and run on the initiative of youth between the ages 16-25. Most promoters and people working with events held here are of that age and supported by a dedicated core staff. Underneath you will find what we have available at the venue.

We are looking forward to having you visit our stage!
